URGENT SAFETY CONCERN - Schools Goal Post Stimulus Packages

As the Government rolls out the Schools Stimulus Funding, schools are being urged to spend this funding money on upgrading their schools' goal posts to prevent accidents.

PILA group is working with schools Australia wide who are replacing or buying new sports goal posts for all football codes including AFL, Soccer, Rugby League and Rugby Union.

“After a string of preventable injuries and deaths from children using unsafe, old and dangerous goal posts, Principals and teachers need to use this funding bonus wisely and upgrade their school ground facilities before more children are hurt”, said Goal Post General Manager Reece Wooldridge, a 17 year veteran of the sports equipment industry.

National Sports Division Manager Michael Reid agrees. “It is hard for schools to find funding for goal posts so when an opportunity like this comes along they must use it to the full. As a player myself I know the dangers and how easy injuries from old, dangerous equipment can occur. I work closely with the risk assessment managers of our major football codes and one of my greatest challenges daily is trying to help schools and clubs find the funding so desperately needed to replace and upgrade their goal posts. It is just not worth the risk to leave old goals standing in school grounds anymore.”

PILA group is Australia's national supplier of safe goal posts for AFL, soccer, rugby league and rugby union and the ONLY manufacturer to achieve compliance to all Australian and European manufacturing safety standards with manufacturer's warranties.

Testament to PILA's quality products and service PILA goal posts are used by the Socceroos, Olyroos, Australian Rugby League (ARL), National Rugby League (NRL), Football Federation Australia (FFA), Sydney Football Stadium, Stadiums Queensland, Roosters NRL Team, Bulldogs NRL Team, Cowboys NRL Team, Titans NRL Team, Tigers NRL Team and countless private and public schools and councils Australia Wide.

Phone the Safe Goal Post Hotline today on 1300 GOALPOSTS (1300 462 576) or email goalposts@pilagroup.com.au. Safety officers are standing by to take all enquiries now.
