

FIBREGLASS

PILA goal posts are the preferred goals for regional recreational facilities.

Fibreglass Rugby Union, League and AFL sports goal posts are the preferred goals for Australia's regional communities and off-shore islands. Manufactured in accordance with Australian and European Standards and sports regulations, PILA's fibreglass goals can be shipped and installed by the client wherever they are located, without the need for specialist knowledge or equipment.

For sporting communities located on Australia's off-shore islands and in remote or regional locations like Far North Queensland and the Western Australian Coast, the prospect of purchasing new goal posts for their recreational facilities might seem like a complex process, but with PILA's fibreglass goal posts, this purchase is made simple.

Fibreglass goal posts are the product of choice for Australia's remote sports people as they are easily shipped in sections and are easy to assemble and install on site without expensive machinery.

PILA group can organise fully insured transport of sports goals to almost every location in Australia and the South Pacific region so all that is left to do is follow the simple DIY installation guide provided and start kicking some goals!

Some recent clients in more remote locations include Daun Island Council on Thursday Island in QLD, Bathurst Island Housing on Tiwi Island in the NT, The Shire of Capel in WA, The Town of Kwinana in WA, the Rottnest Island Authority off the WA coast, the City of Kalgoorlie-Boulder in WA, the City of Geraldton in WA and the City of Gosnells in WA.

PILA goal posts have been designed for everyday use and comply with the appropriate safety and sports competition standards. They are backed by our 5-year warranty for peace of mind and value for money, making PILA fibreglass goals the #1 choice for Australian councils, clubs and schools.

Contact PILA group today at goalposts@pilagroup.com.au or 1300 GOALPOSTS (1300 462 576) for a quote or further information.
